

## **i deserve**

**this is not the end, i deserve  
without honour and pride  
this is not the love, i deserve  
without lust, without trust  
this is not the life, i deserve  
without hope and future  
this is not the suffering ,i deserve  
in agony and pain  
this is not the end, i deserve  
this is just the end, i have fight for  
this is not the love, i deserve  
this is just the love, that i fear  
this is not the life, i deserve  
this is just the life, i will break up  
this is not the suffering, i deserve  
this is just the time, i have to bear**
